TO RECLAIM LAND ON PLATTE RIVER

TO STRAIGHTEN CHANNEL THRU WASHINGTON-GRANT TOWNSHIP

FILES COURT PETITION

New Channel Will be Fifteen Feet Deep Average—Small Ditches Control Water

The board of supervisors of the Andrew-Nodaway drainage district have filed with the circuit clerk their plan of reclaiming the lands in the district, ready for subsequent action of the court.

This organization was granted articles of incorporation in the September term of circuit court. The plan submitted and adopted by the board of supervisors calls for the construction of a new main channel for Platte river beginning at a point in the present channel about three quarters of a mile above the line between Jackson and Jefferson Townships, Nodaway county and runs south through the middle of the valley to the line between Washington and Grant Townships at a point about one mile south of the north Washington township line. The channel follows the Grant-Washington township line south to a point about half a mile south of the road running west from Guilford, thence on a gradual curve to the east under the Chicago Great Western railroad and gradually east to the section line. It continues at most in a straight line south to Whitesville.

The new channel is to be an average of about 15 feet deep. The bottom of that part of the channel lying north of Long branch is to be 18 feet wide. And from Long branch south to a point two and one half miles north of Whitesville the new channel is to be 20 feet wide at the bottom. The south two and one half miles of the ditch is to have a 24 foot bottom. The top of the new channel will vary from 48 to 60 feet. A new channel for Long branch is to be constructed from a point in the Dan Skidmore farm in Section 19, township 62 direct east along the line between the lands owned by John Todd and Charles Jackson. Three other small ditches to control the waters coming into the valley, one near Conception and two in Andrew county.

The cost has not been definitely calculated but it is believed the cost of constructing the new improvements will be in the neighborhood of $20 per acre for the land benefited and that the proposed new channels will prevent the ordinary floods and greatly reduce the extraordinary floods.

The new channel will wash wider in a few years which means it will have much greater capacity than originally given it by the district.

There are no abrupt bends in the new channel as all changes in courses have been made on gradual curves.

The Nodaway county circuit court has been asked to appoint commissioners to appraise the values of lands to be taken for rights of way and to assess benefits and damages, and it is expected this will be done in the near future.

The officers of the district are pushing the work as rapidly as possible and hope to get the construction under headway early next summer.

LINVILLE HOTEL BUSINESS SOLD TO W. H. NIXON

Takes Possession Tomorrow—Symons to Girard, Kansas—Will Re-enter Hotel Business Later.

W. H. Nixon of Beardstown, Ill., today purchased the Linville hotel business of W. M. Symons and will take possession tomorrow. Mr. Nixon will be assisted in the hotel management and business by his mother, Mrs. J. N. Nixon.

Mr. Symons came to Maryville three years ago from Fort Morgan, Colo. He has been in the hotel business for a number of years and the Linville enjoyed a great popularity during his tenure here. He purchased the business from Mitchell & Greve and at that time the hotel underwent a thorough remodeling and Mr. Symons introduced an entire change of management, putting the hotel in the first class. Mr. and Mrs. Symons expect to leave in a few days for Girard, Kansas, where they will be located for a time. Mr. Symons has not yet formed business plans for the future but expects to continue in the hotel business.

Frank Snare who has been clerk during Mr. Symon's ownership will remain with the new firm.

PLATE GLASS FRONT IN CLYDE STORE BLOWN IN.

The plate glass front of the Enis Brothers store at Clyde was blown in by the high wind yesterday. Trees were blown down and minor damage done in other places of the town.

WOMEN INTERESTED IN STATE SUFFRAGE

D. A. R. CHAPTER DISCUSSES PROBLEMS AT SATURDAY MEETING

"A WOMAN'S PRIVILEGE"

Mrs. D. J. Thomas Gives Interesting Article on Benefits of the Vote to Women.

As a movement furthering the progress of women's suffrage in Missouri the Maryville chapter, Daughters of the American Revolution, held a discussion of the subject at the Saturday afternoon meeting. A movement has been under way for some time to obtain a school of citizenship for the women of Maryville at which a general instruction in suffrage problems will be given and the women hope to have this school held some time this spring.

The following paper on suffrage written and read by Mrs. D. J. Thomas expresses clearly some of the reasons why women should make a study of the vote:

When I speak to you of suffrage, it is no longer a subject for which we need offer excuses, a thing only desired by a few over zealous club women who care little for home, husband or children.

It has now become your problem, mine—a matter of vital interest to every thinking, loving womanly woman. Suffrage is here. It is yours. What are you going to do with it?

Since you have Suffrage, no matter how small a modicum may have been granted you, there are several things you can do with it.

First—You can lay it on the shelf, declining to go to the polls and vote Oh, on most any plea! Perhaps your husband won't let you—says he thinks a woman's place is in the home, perhaps you are too spineless to thinks for yourself and wouldn't know what to do with a vote when you had it, or maybe you are just too careless and indolent to bother about it at all, one of these women who feel that there are always plenty of other women to do your work who will be only too glad to, in fact.

Well, that may be the easiest way, but let me prophesy this—you will live to regret it, you will see the day when your children will be ashamed for you, and will make excuses for you, because you knew no better.

The second way to handle your vote is to vote the Republican or Democratic ticket, because your husband or Father have always vote it. You can't be much blamed for that—lots of men vote in the same blind way. Of course if you are especially vindictive you can vote the exact opposite of your husband's choice, merely for the pleasure of cancelling his vote. You might as well stay at home.

The third use for a vote, and one that I hesitate to mention in this company, is the matter of commercialism. In some states women have been bribed by gifts of sugar when sugar was scarce or by the promise of an excursion trip, just for the little thing of putting a small cross in a cerain ring. Men do it too. A cigar, a drink or a small piece of money has often turned the trick. But we are of the nobler sex and we must not be influenced by such methods, and we more intelligent women must not allow the loose vote of our illiterate, illigitimate sisters to over-balance our power, to our ever lasting disgrace.

The final thing to do with your vote is to use it sturdily, freely, with all the inate good sense that woman is heir too. This is sacred rite, a most precious jewel, one that you can use to safeguard your religious freedom, to strengthen prohibition, to improve schools, to protect property, regulate taxes, provide good roads, give you equal rights with men in inheritance, to prevent or declare war, to give you legal rights to your children whether born or unborn.

You hold in your hands the key to the whole plan of your government, handle it with care.

Men may bemoan and belittle the present state of affairs, but they secretly admire. See how quick they have been to step in line. Already, they are forming Women's auxiliaries to the old standard parties, and are begging efficient women all over the country to take the chairmanships. The heads of these parties are too good business men, not to see the signs of the times, all of them want to head the parade.

I am not saying that it is not a wise thing for women to affiliate themselves with either of the existing parties but I do ask that you be thinking voters. Vote for what is right and for what you want. Scratch your ticket. It is your privilege.

You'll get what you want eventually It took a war to give the colored man equality. We haven't needed that, but we have had a long tedious way of it and have often been side tracked. Women have always had so many other things to do, and it has always been up to a few far seeing, self sacrificing souls to struggle on.

For 48 years these women have labored for the cause and twenty seven states have ratified the Suffrage amendment, and more are about to do so. It will never take 48 years for the remaining states to gain the goal. By that time your grand children will wonder with amusement, however women suffered themselves to over ridden so many thousands of years, but now that we have this suffrage, whether in whole or in part let us accept it thankfully, gladly whole heartedly and prepare to carry on.

The surest, wisest way for woman to know that she hath done what she could with her portion is to take up the work of the school of citizenship. Each town, city and state has its separate, individual form of voting, and the National government has another intricate form of electorates. Women cannot be expected to understand the whole system at once, but any woman of average intelligence can compass a very fair working knowledge in the few days required to attend a school of citizenship.

We owe it to ourselves and to our country to give the best we have.

CHURCH MEMBERS TO SUPPORT OF PASTOR

OFFER RESOLUTIONS EXPRESSING CONFIDENCE IN REV MILLER

DR. COILE SENDS LETTER

First Christian Congregation Take Action in Regards to Trouble in St. Louis Church

At a congregational meeting of the First Christian church held yesterday morning resolutions expressing confidence in the Rev. C. Emerson Miller, a former pastor, now pastor of a St. Louis church were submitted and adopted by the congregation. This action was the outgrowth of an article recently published in the St. Louis paper relating to a disagreement in his St. Louis church.

A letter from a former Maryville pastor, Dr. S. A. Coile, now pastor of the McCausland avenue Presbyterian church of St. Louis which was written to George L. Wilfley, was also read The letter and resolution are as follows:

"I was very much surprised to see that the Maryville newpapers republished an article from the Post Dispatch, the sole intent of which was to injure Brother C. Emerson Miller. It was given to the Post Dispatch by one of a small coterie formerly in his congregation, who have set out to "get" him. This bunch is headed by a modern Jezebel, who has already caused serious trouble and disruption in five or six of the Christian churches in St. Louis. Miller in heartily supported by the official board of his church, by the membership of his church and all the pastors of the Christian churches in St. Louis, as well as by a large number of the other ministers, who like myself, want to see an ungodly clique defeated in their purpose to destroy the usefullness of a man who has our entire confidence. Miller's friends in Maryville need not fear to back him to the limit. He is absolutely in the right. I am sorry the Maryville newspapers did not investigate before giving currency to the article that was intended to cause suspicion to rest upon a man who is innocent of wrong doing, but who like his Lord and Master, is casting out devils.

Very cordially your friend,

S. A. COILE.

Resolution

"Whereas the Post Dispatch of St. Louis recently published an article reciting certain proceedings before the official board of the First Christian church of that city the effect of which was to reflect on the character of Brother C. Emerson Miller, though no proof was adduced to show his guilt in any way.

And whereas the daily papers of this city republished the article in the main thus giving wide publicity to what appears to us to be an unjust attack on the character of a worthy christian gentleman.

Therefore, be it resolved by the congregation of the Christian church of Maryville, Missouri, that we condemn the act of the newspapers in thus giving currency to unsupported charges and statements which, nevertheless, by inference and insinuation, might create in the minds of some people doubts and suspicions, thereby leaving a stain upon the fair name of a minister of the Gospel.

Be it further resolved that we hereby assure Brother Miller of our fullest confidence, respect and esteem with the hope that he will yet confound his enemies and prevail over the forces of discord and schism.

Resolved further that a copy of these resolutions be forwarded to Brother Miller and that they be given to the newspapers that published the article aforesaid, for publication."

CIVIL WAR NOW ON IN GERMANY

TWO GOVERNMENTS MATCHING WITS AND FORCES FOR CONTROL.

NOSKE GATHERS ARMY

Much Bloodshed Predicted. Soldiers Anxious to Fight Again. Other Countries May Furnish Troops.

Berlin, Mar. 15.—Germany today has two governments. The new regime is established at Berlin and the old government temporarily established at Dresden, is reported to have moved already to Stuttgart. Both sides are preparing for a bitter struggle for national supremacy. President Ebert has refused to enter negotiations with the regime, headed by imperial chancellor Van Kapp. Bavaria, Baden and Wurtenberg are said to be supporting Ebert. Many agitators have been arrested, foreign officials declared there will be "rivers of blood of the general strik of all utilities employees is called, as the soldiers are itching to begin shooting."

London, Mar 15.—Civil war has broken loose in Germany. Violent fighting is reported today from Kiel, Hamburg, Weimar, Eisenbach, Frankfort and Franment. Radiograms indicated there had been a flare up of fighting in Berlin but later advises showed the reports to be premature.

Berlin, Mar 15.—Gustav Noske, minister of defense in the Ebert government is reported today to be marching on Berlin at the head of a army.

MRS. R. W. BURNHAM AT BARNARD THIS MORNING

Mrs. W. R. Burnham, age 74, died at 8:15 o'clock this morning at the home of her daughter, Mrs. Orpha Icke of Barnard. The cause of Mrs. Burnham's death was lung complications. She was born on June 5, 1846 in Ohio.

Mrs. Burnham is survived by three daughters, Mrs. Icke, Mrs. Paul Hall and Mrs. Ollie Clayton all of Barnard and one brother, Luke Conley of Indiana. Complete funeral arrangements have not been made but the burial rites will probably be held tomorrow at the Pleasant Oak Church.

Infant Child Dies.

The infant child of Mr. and Mrs. Dorsey Treece of near Orrsburg died a few hours after its birth. (Saturday night), and was buried in the Orrsburg cemetery yesterday. The mother, Mrs. Treece is in a critical condition.

Liniments Will Never Cure.

If you are afflicted with Rheumatism, why waste time with liniments, lotions and other local applications that never did cure Rheumatism, and never will?

Do not try to rub the pain away. Try the sensible plan of finding the cause of the pain, and go after that. Remove the cause, and you remove the pain.

You will never be rid of Rheumatism until you cleanse your blood of the germs that cause the disease. S. S. S. has never had an equal as a blood purifier and scores of sufferers say that it has cleansed their blood of Rheumatism, and removed all trace of the disease from their system.

Get a bottle of S. S. S., and get on the right treatment to-day. Special medical advice free. Address Medical Director, 111 Swift Laboratory, Atlanta, Ga.

The Aftermath of Flu

This is No. 3 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vicks VapoRub may be of value in this condition.

Your doctor will impress upon you that following recovery from the active stage of influenza, there often remains an inflamed, congested condition of the air passages—throat, larynx, bronchial tubes and lungs.

Frequently the cough hangs on—soreness of the chest persists—you take cold easily and there may be obstinate catarrh. This condition is slow to clear up and if neglected may favor the development of pneumonia, or later on, serious disease of the lungs.

Such cases should continue under the care of their physician—should exercise moderately in the open air—eat plenty of wholesome food—avoid overwork and sudden chills.

Nightly applications of Vick's VapoRub may help nature to complete the process of repair. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly, and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples, to new users will be sent free on request to the Vick Chemical Company, 231 Broad Street, Greensboro, N. C.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Gently massage Musterole in with the finger-tips. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size $2.50.

Mrs. Fred Bellows played Mendelssohm's wedding march as the bridal party lead by little Emma Ruth Bellows who carried the ring in a rose, took their places. The marriage lines were read by Rev. R. E. Snodgrass, pastor of the First Christian church. The bride wore a dark blue taffeta suit with hat and gloves to correspond, and a corsage bouquet of bride's roses. The ceremony was witnessed by about forty friends and relatives and immediately following, a luncheon was served by Mrs. R. E. Snodgrass, Mrs. W. C. Frank, Mrs. Fred Bellows, Mrs. Dale Bellows, Miss Nellie Douglas, Miss Margaret Sorrie and Miss May Doran. The dining table from which the luncheon was served was centered with a large cake decorated in red hearts and on which stood a miniature bride. Crystal candlesticks holding pink tapers furthered the color scheme of pink and white. Mr and Mrs. Rutledge motored to Ravenwood where they left for Des Moines, Iowa, for a short honeymoon trip. They will make their home on a farm near Algona, Iowa. The bride made her home in Maryville with her aunt and uncle, Mr. and Mrs. E. I. Belcher.

Farmer Is Biggest User of Motor Trucks.

The biggest users of motor trucks in the world are the American farmers, with 79,789 motor trucks in operation. Manufacturers come second with 75,928 and retailers third with 74,486.

These figures are taken from reliable statistics for the year 1917. Estimates for 1918 show a tremendous increase in the number of motor trucks in use; but with the farmer still in the lead.

It is estimated that during 1918 approximately 350,000,000 tons of farm products were hauled to market in motor trucks by the farmers and gardeners of the United States.

The actual operating figures averaged for the United States show that motor truck tranportation is twice as cheap as horse drawn transportation.

A Man to Man Policy that Wins

THE Standard Oil Company was a pioneer in the petroleum industry. From the day of its organization to the present moment the Company has put forth every effort to make and sell goods of the highest quality and always has been satisfied to work on a small profit. It has made money for its 4711 stockholders by reason of the volume of business done.

In its dealings with the men and women who make up its working organization, the Standard Oil Company (Indiana) has maintained a policy of fairness and liberality which has held its men and inspired them with the high ideals of service which have been the key to its prosperity.

Today the 22,000 employees are working as one man to increase production and decrease the cost of manufacture and distribution, for they know that their every effort is appreciated in terms which are substantial.

The working and living conditions of the men and women employed by the Company always have been matters of major interest to those in authority. Under the plan now in process of organization, the employees will be given an ever-increasing voice in the management of their affairs.

The spirit of fairness which animates both the Company and its employees, in their relations with one another, has again proved that all that is needed to increase production and insure industrial peace is to make it possible for the employer and employee to sit down and discuss all phases of their problems man to man.

The Best Fire Insurance Is Fireproof Construction

PLAN your home wisely against the perils of fire. Beware of this grave hazard that is constantly destroying life and property without warning.

Any structure that is built of inflammable material is ever in danger of total destruction. The safe, sane and sensible means of providing fire protection is to build fireproof exterior walls of

KELLASTONE
IMPERISHABLE STUCCO

KELLASTONE is more than a fire retarder—it is absolutely fireproof. It never flinches when exposed to the evils of fire, water, wear or weather—doesn't crack, crumble, expand or contract like ordinary stucco. Bonds perfectly, seals the walls tight—sets up in a hard stone-like mass—withstands sudden jars and intense vibration.

Without disturbing the occupants—without taking off the old siding—you can transform any old frame or brick building to one of modern design by **over-coating** it with KELLASTONE. The cost is little—the results beautiful and permanent—prolonging the life of the structure and increasing its value.

A. R. MARTIN COUNTRY HOUSE BURNED YESTERDAY

The house owned by A. R. Martin located one mile north of the Burlington depot on what is known as the old Aley farm, was burned to the ground yesterday afternoon about 3 o'clock. The fire was first discovered by the children who were playing in the yard and the roof of the house was completely in flames. A greater part of the furnishings were saved. The loss was estimated to be about $2000 which is partly covered by insurance. The exact cause of the fire is not known but it is thought to have resulted from a defective flue. Mrs. W. A. Miller and daughters, Harriet and Vivian, of this city were visiting at the Martin home at the time of the fire.

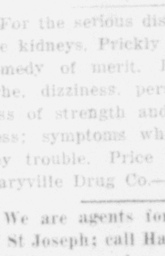
MISSOURI FOLKS Tell What They Know



St. Louis, Mo.:—"Dr. Pierce's medicines that I have had occasion to use have proved most beneficial. I have taken the 'Favorite Prescription' for general weakness and when run-down and suffering with nervousness, and can truthfully say it has done me more good than any medicine I have ever taken.

"The 'Pleasant Pellets' are very good to regulate the system and aid very much in keeping a person in a good healthy state. —MRS. AMELIA THORN, 4204 John Ave.

What All Say

Jane, Mo.:—"I can never say enough in praise of Dr. Pierce's wonderful medicine. Twenty-eight years ago I was in very poor health, having taken the measles when my oldest child was one month old. My blood was out of order and I also had inflammation of the womenly organs and bladder. I doctored with the best doctor I knew of, but gradually grew worse till I wasn't able to do anything. I heard of Dr. Pierce's medicines, so got a bottle of 'Golden Medical Discovery' and one of 'Favorite Prescription' and I immediately commenced to improve. After taking three bottles of each I was able to do light housework and felt like a different person—a very small expense compared with what I had been paying the doctor. Since then I have used these medicines for myself and family, and find they are just as recommended."—MRS. CHAS. SHANKS, Jane, Mo.

Used In Family

Kansas City, Mo.:—"For a number of years Dr. Pierce's Pleasant Pellets have been the only purgative medicine I have used in my family. They are no trouble at all to take and will eventually cure the worst case of chronic constipation. I have also taken Dr. Pierce's Favorite Prescription when in need of a special tonic and it has never failed to give the desired relief." —MRS. MARY K. BOLF, 3111 E. 29th St.

BAD BREATH

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c.

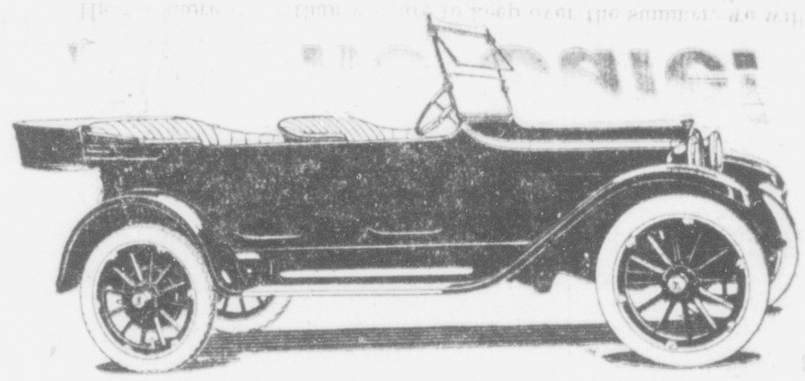
DODGE BROTHERS MOTOR CAR

From the very first Dodge Brothers Motor Car has proved in this city—as it has proved in every other city in the country—that it is entitled to the respect and admiration accorded a finely manufactured product.

The long experience of the Dodge Brothers, their honesty and ability as manufacturers, has found concrete expression in the car which bears their name.



The handsome new home of the Dodge Brothers Motor Car in this city is, we believe, entirely worthy of the car itself.

From the standpoint of display it offers every facility for showing the many noteworthy features of the car; while from the standpoint of service it enables us to assure the owners of Dodge Brothers Motor Car a degree and quality of expert attention which it would be difficult to excel.

We are booking orders for spring delivery in the order received. Better place yours now and be next in line.
